#### **\*PRE-K Program**

*The combined morning Nursery and afternoon Pre-K option is designed to support your child's successful transition into kindergarten the following year.*

*The day begins with our traditional morning nursery program filled with a variety of exceptional activities and experiences. The afternoon Pre-K portion of the day has a particular emphasis on language, math and science. The children are engaged using an array of developmentally appropriate techniques and activities and all in a fun and interactive manner. French and Creative Movement classes are also incorporated into both the morning and afternoon weekly schedules. Classes are limited in size to ensure the best possible outcome for your child.*
